THE LATEST, CHEAPEST AND BEST IS THE POST-HOLE DIGGER

Universally conceded to be the best and only Digger that works to perfection in the softest of sand and the toughest of clay, and unequalled by all others to work in any kind of soil, as the blades are so arranged and made of spring steel, thus allowing them to expand and contract when illing and emptying same.

The handle is so arranged that it can be lengthened to any desired length by adding pipe to it in sections, so that any desired depth can be reached with these Diggers.

It is light, strong, durable and simple (nothing complicated about it), and does twice the work in less time than any other Digger made.

GADSDEN, ALA., Dec. 21, 1890. Dr. J. B. MABCHISI, Utica, N. Y. Dr. J. B. MARCHISI, Utica, N. Y.
Dear Sir: About one year ago I was near my
grave with nervous debility, caused by Ulcer

worth and all he could make for doctors' bills,
and I continued to weaken until my physician told me I could not live sixty days, and
that all the doctors in the State could not save
my life. A friend persuaded me to try Dr.

three bottles and now am as stout as ever.
